

Instructions for the Clips and Strips HCL#1801 and 1807

When you receive your Clips and Strips Set there will be six strips and eight clips. The strips will be 2"H or 4"H depending on what item you order.

HCL's cutting template (1859-01) and retractable knife (1860-01) are valuable tools to assist you in cutting your strips.

1
1. After measuring your crash cart box, cart drawer, etc. get your tape measure and mark the strip where you want to cut it.

2
2. Slide the bottom edge of your cutting template against your strip. Depending on what angle you are cutting your strip for you can also use the 45° side of your template. The angle pictured is 90°.

Instructions for the Clips and Strips HCL#1801 and 1807

3. Score the strip 3 to 4 times along the straight edge of your template using your retractable knife.

4. Position your hands on either side of the score and press down with firm pressure to break the strip.

5. Slide your clips onto the edge of your strips by pushing the open end of the clip onto the strip.

6. Join other strips to to your clips so that you have dividers that will suit your needs. The clips can be slid along the strips to change the positions of your dividers.

7. Your now ready to organize your boxes, drawers, etc. with your supplies.
